Special Event: Los niños vascos: Basque Children in Yorkshire 1937 Opening Evening

The Peace Museum is pleased to be hosting an exhibition produced by the Basque Children of '37 Association UK which tells the story of child refugees from the Spanish Civil War who were evacuated and brought to Britain.

On Thursday 18th February the Museum will open for a special evening event. The evening will involve an opportunity to view the exhibition, followed by a screening of 'The Guernica Children' a film produced in association with the BC'37A. The evening will end with an informal Q/A session with Carmen Kilner of the Basque Association, and Adrian Bell, author of '*Only for Three Months: The Basque Children in Exile*'. The aim of the evening is to discover the often untold story of these children and to discuss the parallels with modern refugee crises.

5.30pm till 8pm.

Refreshments will be provided.

Entrance is free. There will be an opportunity to make a donation to support the work of both the Peace Museum and the BC'37A UK.

All welcome. Please RSVP to info@peacemuseum.org.uk if you wish to attend.

For those unable to attend, the Peace Museum is open every Thursday 10am till 4pm and the exhibition is available to view.
