Dear Simon

In Uncle Bill's loft I found a sketchbook belonging to his sister Priscilla, a professional artist who belonged to the Artists International Association (leftwing, supported Spanish Republic etc) in the 1930s. She now has the sketches herself in Dresden, and so I asked her if she would let me give you a photo of two of them, which are drafts for posters for Basque children's concerts held in Worthing. She has agreed to this, so here they are (I have not archived them anywhere else).

Her daughter says you can have the originals when my aunt dies. (She is 101).

Hope you can find a use for these photos meanwhile.

Anna
